

*IndusFleet started as a pilot under MusicLaunchers to bring together a new breed of musicians. Name of the group IndusFleet in itself urges to define the diversity in terms of genre and style of music within India that we intend to bring together. Our aim is to bring fine exponents of music from diverse fields under the same roof to provide a mesmerising environment for the audiences. Be it audiences in live shows or those sitting at home listening to our recorded music.*

इन्दुप्लेट फ़्लिट

*All artists associated with this project are closely knit by the means of music. All holding individual experience spanning more than a decade of performing and teaching different styles.*
